SITUATION SUMMARY

Cal OES Activation Status

State Operations Center	Inland Region EOC	Coastal Region EOC	Southern Region EOC
Level 1	Normal Operations	Normal Operations	Normal Operations

Coronavirus Disease 2019 (COVID-19)

The Cal OES State Operations Center (SOC) activated 03/02/20 at 0700 hours in support of the California Department of Public Health (CDPH) Medical Health Coordination Center's (MHCC) statewide response to COVID-19. Cal OES will continue to provide resource coordination for the COVID-19 event, as well as situation status reporting and advance planning across multiple areas.

Situation Overview

- **California State of Emergency Proclamation**

On 03/04/20, Governor Gavin Newsom declared a State of Emergency for California, as a result of the global COVID-19 outbreak that began in December 2019, to make additional resources available, formalize emergency actions already underway across multiple state agencies and departments, and help the state prepare for broader spread of COVID-19.

- **Global Health Advisory**

On 08/06/20, in close coordination with the U.S. Centers for Disease Control and Prevention (CDC), the Department of State lifted the Global Level 4 Health Advisory. The Global Advisory, initially put in place on 03/19/20, advised U.S. citizens to avoid all international travel due to the global impact of COVID-19. For more information visit: <https://www.state.gov/>

- **State Executive Order N-07-21 and N-08-21**

On June 15th, the Governor terminated the executive orders that put into place the Stay Home Order and the Blueprint for a safer economy. He also phased out most executive actions put in place since March 2020 as part of the pandemic response, leaving a subset of provisions that facilitate the ongoing recovery. For more information visit: [Executive Order N-07-21](#) and [Executive Order N-08-21](#)

- **Executive Order N-09-21**

On 06/17/21, California revised Covid-19 Prevention Emergency Temporary Standards based on a vote by the Occupational Safety and Health Standards Board, to take immediate effect on 06/17/21. The updates include changes to face coverings and physical distancing requirements. More information on the revised Covid-19 Prevention Emergency Temporary Standards can be found in CAL/OSHA's Frequently Asked Questions: [Frequently Asked Questions](#)

- **CDPH Statewide Travel Advisory**

As of 06/15/21, CDPH and the CDC recommend delaying travel until persons are fully vaccinated. For more information: <https://www.cdph.ca.gov/Programs/CID/DCDC/CDPH%20Document%20Library/COVID-19/CA-is-Open-Travel-Guidelines.pdf>

On 04/21/21, the State Operations Center (SOC) changed the reporting tempo for the COVID-19 Sit Stat and Trifold Reports from daily to once a week. Updated reports can be expected every Tuesday of each week until further notice.

SITUATION SUMMARY

Situation Overview (Continued)

Coronavirus Disease 2019 (COVID-19) (Continued)

Confirmed Global COVID-19 Cases – Per Worldometers COVID-19 Live Updates as of 06/22/21 at 1700 hours:

- 179,696,026 (+2,495,334) total confirmed cases
- 3,891,297 (+58,951) total deaths

Confirmed United States COVID-19 Case – Per Centers for Disease Control and Prevention (CDC) as of 06/21/21 at 1700 hours:

- 33,368,860 (+65,575) total confirmed cases
- 599,354 (+1,760) total deaths

Confirmed California COVID-19 Cases - Per Medical Health Coordination Center as of 06/22/21 at 1700 hours:

- 3,704,640 (+6,713) total confirmed cases

COVID-19 Vaccines Administered – Per Vaccine Task Force as of 06/21/21 at 1700 hours:

- 40,622,774 (+833,284) vaccines administered
- Please see attached California Health & Human Services (CHHS) Agency / Cal OES Joint Situation Report for additional details

Cal OES INLAND REGION

Teviston CSD Water System Failure, Tulare County

On Monday, 6/14/21, Tulare County OES reported a water system failure in the community of Teviston, which has 110 service connections and a population of approximately 348.

- Tulare County OES coordinated the delivery of bottled water to each residence, which should provide enough water through the weekend and through the Excessive Heat Warning weather event. Participating agencies included several Tulare County departments, Self Help Enterprises, Community Services Employment Training (CSET), and Cal OES Inland Region.
- Refer to Situation Cell Incident Report for detailed Weather Watches and Warnings.

City of Lemoore (Kings OA) Water Tank Explosion

On 06/21/21, one of the tanks at the City's Station 7 Water Facility Complex failed following a small explosion, causing 1.5 million gallons of water to dump and the loss of use of the Station 7. City of Lemoore proclaimed a local emergency. No requests for assistance at this time.

Cal OES COASTAL REGION

9-1-1 Outage/Remote/Community Isolation

Comcast Community Isolation – Santa Ana, Orange County (Initial)

AT&T has reported a Community Isolation affecting 2,048 VoIP and Wireline users in Santa Ana (zip code: 92704). The cause is unknown at this time.

- Time Outage Started: 06/23/2021 1443 hours
- Time Outage Reported: 06/23/2021 1527 hours
- Time of Resolution/Restoration: Estimated 06/24/2021 1443 hours
- Total Outage Time: TBD
- Jurisdiction Affected: Orange County Sheriff, Santa Ana PD
- Reason For Outage: Unknown
- Wireless Users Impacted: No
- VoIP and Wireline Users Impacted: Yes

WEATHER OF CONCERN

NORTHERN CALIFORNIA

- A Red Flag Warning will go into effect due to thunderstorms and gusty winds from 1400 to 2300 hours this evening for western Siskiyou County, Siskiyou Mountains, and the Cascades.
 - Wind gusts to 40 mph are possible in and near the thunderstorms.
- A fire Weather Watch will go into effect due to thunderstorms and gusty winds starting tomorrow, 06/24/21, at 1400 hours to 2300 hours in Western Klamath, Central Siskiyou, Modoc County, and the Shasta Trinity National Forest.
 - Wind gusts to 40 mph are possible in and near the thunderstorms.
- An Excessive Heat Watch will go into effect on Friday, 06/25/21 and last into 06/29/21 in Siskiyou and Modoc County.
 - Temperatures will reach up to 110 degrees.

SOUTHERN CALIFORNIA

- A Red Flag Warning is now in effect due to thunderstorms and gusty winds until 2100 hours this evening in Owens Valley, Southern Inyo Forest, and Death Valley National Park.
 - Wind gusts 35 to 60 mph.

Weather Advisories, Watches, and Warnings currently active in California:

<http://www.wrh.noaa.gov/hazardSummary/?state=ca>

Active Weather Warnings, Watches and Advisories by County:

<http://www.wrh.noaa.gov/hazardSummary/?state=ca&bycounty=1>

WEATHER KEY POINTS

06/23/21 - 06/29/21

Wednesday - Tuesday

- More typical late June temperatures will continue across much of the state through Friday, with the exception of interior southern California where moderate heat impacts will persist with temperatures into the lower 100s
- Elevated fire weather conditions will also persist over the Sierra and coastal mountain ranges and foothills through late week due to periodically breezy conditions.
 - Dry thunderstorms are a threat for portions of far northern California Wednesday and Thursday.
- Isolated thunderstorms are expected across the Sierra, northern California mountains, and possibly the southeast deserts Wednesday through Friday. No widespread significant rainfall is expected, but dry lightning will present a threat for a few new fire starts, and gusty winds are also possible near any storms.
- Another significant round of heat will return for much of the state this weekend and into much of next week, with widespread high to very high heat impacts likely as temperatures peaks well above 100 degrees for many days in a row

CALIFORNIA WEATHER IMPACTS

HEAT RISK FORECAST

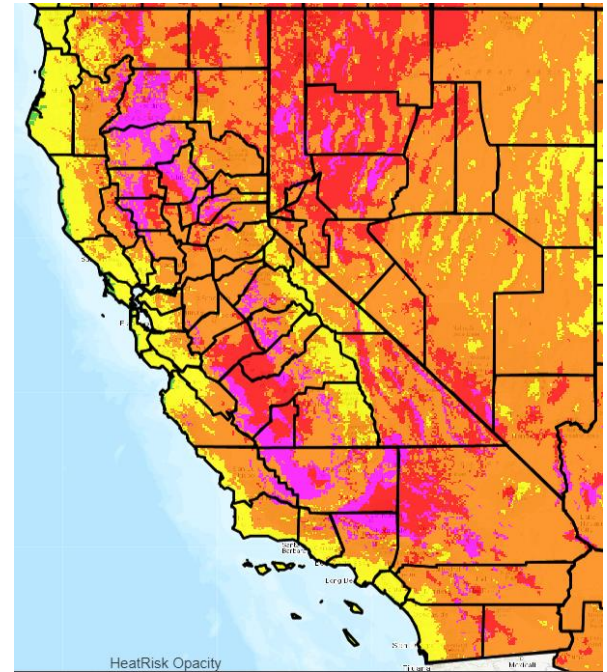

06/26/21 - 06/28/21

Saturday

Sunday

Monday

Category	Level	Meaning	Category	Level	Meaning
Green	0	No Elevated Risk	Red	3	High Risk for much of the population, especially those who are heat sensitive and those without effective cooling and/or adequate hydration
Yellow	1	Low Risk for those extremely sensitive to heat, especially those without effective cooling and/or adequate hydration	Magenta	4	Very High Risk for entire population due to long duration heat, with little to no relief overnight
Orange	2	Moderate Risk for those who are sensitive to heat, especially those without effective cooling and/or adequate hydration			

WEATHER OUTLOOK

06/28/21 - 07/06/21

6-10 Day Outlook (June 28 – July 2)

Temperatures

- Above normal temperatures are favored to continue statewide

Precipitation

- Near normal precipitation is favored across northern and central California, with above normal precipitation favored across southern California

8-14 Day Outlook (June 30 – July 6)

Temperatures

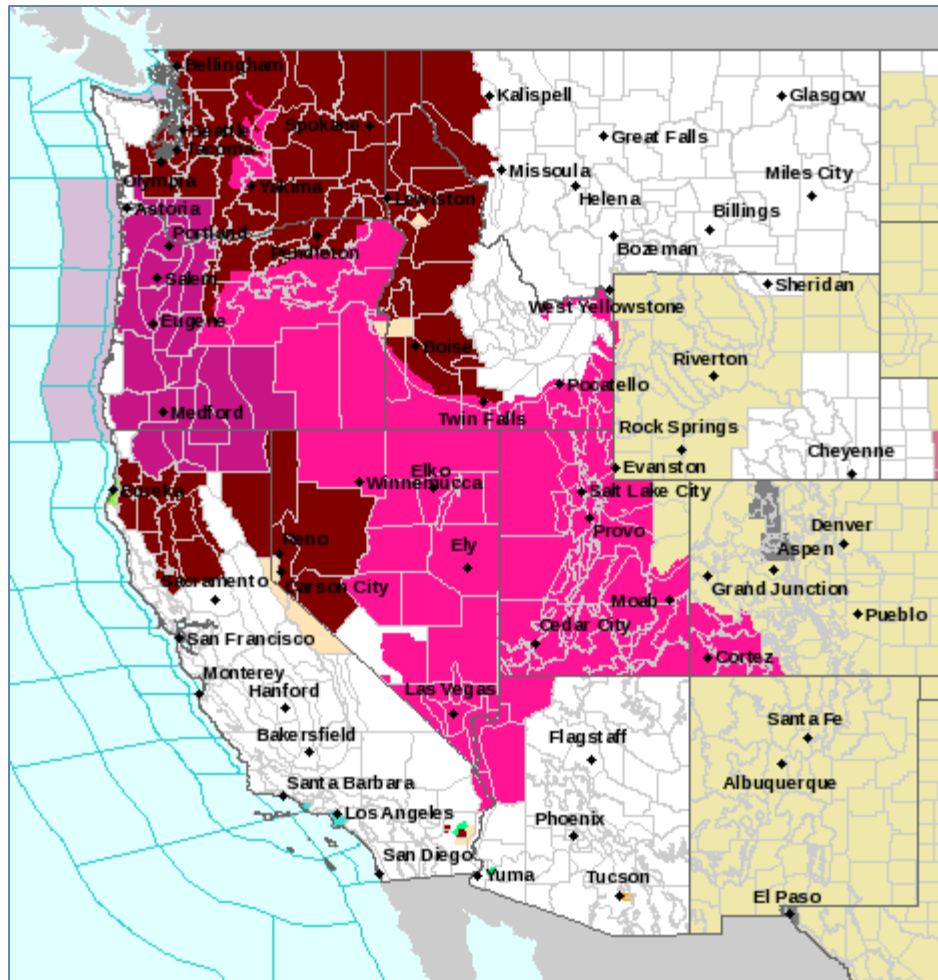

- Above normal temperatures are favored statewide once again

Precipitation

- Below normal precipitation is favored for far northern California, with near normal precipitation favored for central portions of the state, and above normal precipitation favored across southeastern portions of the state
